

Unbreak the World

All are invited all is prepared

The table is ready there's plenty to share

Make us your body Be our heart and head

Bind us together with this wine and bread

Bind us, remind us, realign us

Find us, unblind us, re-define us

Un-break our broken-ness.

Chorus

We are your body, Each one a part,
Unbreak Your broken Body
We are your body, Make us Your Church
Send us to un-break your broken world
Send us to un-break your broken world.

In twos and in threes, and thousands at times

You've gathered us here, around bread and shared wine

These symbols you gave us, these words that you taught

Gather your body, rebuild your church.

Take us, remake us, mould and reshape us

Mend us and send us, reinvent us

Unbreak Your broken Church.

With this bread we will remember your body broken apart.

This wine will remind us that when we spill blood we re-break your heart.

With this bread we remember. This wine will remind.
